

Univ.-Prof. Dr. med. habil. Pascal Andreas Thomas Baltzer

Full Professor of Radiology, head of the HFMR High-field MR center, Department of Biomedical imaging and Image-guided treatment, Medical University of Vienna

Email: pascal.baltzer@meduniwien.ac.at | Vienna, Austria

Pascal Baltzer is a leading academic radiologist specializing in **breast and urogenital imaging, artificial intelligence in medical imaging, and research methodology**.

He serves as **Editor-in-Chief** of the *European Journal of Radiology* and *European Journal of Radiology – Artificial Intelligence*.

His research integrates advanced imaging technologies with clinical applications to enhance patient-centered diagnostics and precision medicine.

Key Roles & Leadership

- Full Professor and Head, High-field MR Center, Medical University of Vienna
- Editor-in-Chief, *European Journal of Radiology* and *EJR – Artificial Intelligence*
- Secretary General, European Society of Breast Imaging (EUSOBI)
- Co-founder, School-of-Radiology.com & radiologie-weiterbildung.de

Research & Publications (10/2025)

- Author of 330 + peer-reviewed articles; h-index 56 (Scopus), 65 (Google Scholar)
- > 11,000 citations (Scopus) and > 15,000 (Google Scholar)
- Principal Investigator / Co-PI on projects totaling > € 3 million in funding
- Research focus: Breast MRI, Prostate imaging, urogenital imaging, clinical decision rules, AI in imaging, evidence-based radiology

Academic Contributions

- Supervised 11 completed PhD students and 6 postdoctoral habilitations
- Delivered > 400 invited international lectures
- Program chair and organizer of multiple European radiology conferences
- Active leadership roles in European and Austrian radiology societies

Education & Training

- Habilitation (Priv.-Doz. Dr. med. habil.), Friedrich Schiller University Jena (2011)
- Doctor medicinae, Friedrich Schiller University Jena (2005)
- Board Certification in Radiology (2011)
